

**MCSO MR/ CENTRAL ARIZONA MOUNTAIN RESCUE ASSOCIATION
STANDARD OPERATING GUIDELINE
113.1 PERSONAL EQUIPMENT**

EFFECTIVE: 11-6-90 (Reprint)

Page ½

RELATED: Equipment KEY WORDS: Equipment, gear, personal

PURPOSE: To provide information regarding personal equipment.

DISCUSSION: This is a guide. The individual must tailor the list to the mission or other needs by adding to the list, etc. Substitutions are fine, but first check with a senior rescue member experienced in that type of equipment.

- S= Standard Field Pack. Normally carried on all missions and trainings
- E= Extended operations (Most missions outside of Phoenix)
- W= Winter/Alpine/Snow/Ice/Foul Weather
- M= Mandatory for all field members
- R= Recommended strongly but not required
- O= Optional: useful and may be important to certain situations
- *= Shared equipment: at least one per crew.

 Visine or Equivalent
 Tweezers and/or Hemastat
 Sun Screen (SPF 15+)
 Comb (Cactus)
 Insect Repellent
 Antibiotic Ophthalmic Ointment
 Water Purification System
 Chapstick, etc, with UV Prot.
 Pain Relief (Asa, Tyl, Ibu...)
 2+ Pads Moleskin and/or Duct Tape
 Antacids, Laxatives of choice
 1 Pr latex gloves
 Decongestants (Sudafed, Dristan)
 Pepto Bismal/Immodium (Runs)
 Antibiotic (Tetracycl, Septra)
 Lomotil/Pathilon (Bad Runs)
 Topical Cream (Bites & Ivy): Benadryl, Caldecort
 Antihistamines (Afrin, Benadryl)
 Diamox, Decadron (High Altitude)
 Sting Kit (EpiPen/AnaKit)
 Betadine Solution:
 10% as Topical AntiBacterial
 1% as Topical Fungal
 .5% as Water Purification (2 gtts/Qt. -
 Dbl if cloudy/cold)
 .25% as Vaginal Douche

Add your personal medications and comforters.

PERSONAL FIRST AID KIT:

This kit is for YOUR treatment and comfort and is also
 intended to satisfy personal back country trip needs. Some

CENTRAL ARIZONA MOUNTAIN RESCUE ASSOCIATION
STANDARD OPERATING GUIDELINE # 113.2
TEAM EQUIPMENT

EFFECTIVE: 4-6-92; 4-27-99

Page 1/1

RELATED: Equipment Chair Duties

KEY WORDS: Equipment, gear

PURPOSE: To provide information regarding team equipment and caches.

PURCHASE AND ACQUISITION: Purchase of equipment is based on recommendations to the Board and membership, by the Equipment Chair and interested members. All newly acquired and purchased equipment shall be reported to the Equipment Chair. It is recommended that equipment be shipped to the Chair's home so that it can be logged and marked immediately and distributed from there.

DISTRIBUTION: Distribution of equipment is the responsibility of the Operation Leaders, the appropriate committee chairs and the Board, with confirmation by the membership. The bulk of Team Equipment (Medical, Technical, Communications, etc) is kept as Caches with Operation Leaders and senior Rescue members who are active and available. Members who become unavailable temporarily or longer term shall ensure the equipment is made available to another responsible team member.

ANNUAL PHYSICAL INVENTORY AND ACCOUNTABILITY: A complete, annual physical inventory shall be overseen each year by the Equipment Committee. This shall include EMS, Administrative/Office, Communications and Technical Equipment. A RESOURCE ROSTER shall be annually published and shall include which team member has which equipment. This shall serve to provide each team member with what equipment is responding to a mission and what yet is needed.

Changes in long-term possession of team equipment shall be reported to the appropriate Chair (Equipment, Communications, EMS) within 1 week.

CACHE CONTENTS: A current list of recommended contents of caches is attached and updated periodically.

IDENTIFICATION OF EQUIPMENT: Each piece of team equipment (bags, rope, pieces...) shall be marked for PERMANENT identification, as is safe to the structural integrity of the equipment. It shall be marked with;

Serial # as space allows

Name of Team; CTL AZ MTN RESCUE or MCSO MR

Address and/or Phone # (POB 4004 Phoenix, AZ 85030. 602-205-4070

Color Codes

Black	camp / operation support	Orange	rescue equipment
Red	emergency medical	Blue	swift water
Brown	underground mine / cave	Yellow	helicopter operations
Green	cold weather operations	Purple	dynamic ropes

Major Caches

White, Yellow, Blue (Trailer), Red (Training).

The red cache is the training cache that can be used on operations but is typically older (still operational) equipment with a two piece litter. It is stored with the litter put together and all the equipment in it. It is all covered by a heavy duty rubberized nylon litter cover. The training cache will be used on trainings so we don't put undo wear or damage the rescue gear.

Webbing

This is for the purpose of standardizing with Phoenix Fire Department, Sedona FD, and other Arizona fire departments.

BLUE = 10 foot

GREEN = 20 foot

BLACK = 30 foot

Each Cache should be color coded (tape) or tagged so caches can be distinguished from one another.

PROCEDURE:

General

Do not alter the inventory of the trailer without notifying the equipment committee

Please ensure the trailer is returned just as neat and organized as you found it

Please report any missing equipment, or equipment that needs repair, replacement, or marking to the equipment committee.

Team Equipment Caches

REVISED: 12-01-1999. Under revision

Mini Caches

8 x steel lockers
2 x 30 footers-black
2 x 20 footers-green
1 x 10 footer-blue
2 x double PMPs
Single PMP
2 sets system prussiks
Cordelette LRH
Rigging plate
Brake rack
2 pieces of edge protection
Steel figure 8
Large steel locking-D carabiner
300 foot 1/2 inch static rope
50 ft 7/16 rope
Rope bag
CMC rescue organizer

Red (Training) Cache

Orange litter cover
10 x black 30 footers
10 x green 20 footers
10 x blue 10 footers
10 x sets of system prusiks
2 x 33 foot cordelettes
KED board
Knot passing pulley (gold)
Kootenay carriage (red)
2 x disposable blankets
Ensolite pad
2-piece litter basket
Lexan face shield
CMC hard nylon edge protection
Heavy-duty edge roller (red)
Jansport patient pack (red) including
 V-vac & spare cartridge
 Head block, Duct tape
 Heavy-duty space blanket
 Sam splint
 2 x 30 foot orange patient ties
 Goggles
30 x locking biners
Brake rack
Rescue 8
4 x large steel D lockers
9 x aluminum non-lockers
4 x Prussik minding pulleys (PMP)
Double mini PMP
Single mini PMP
Wall hauler

Tech Pack

Orange pack

2 x blue tarps
10 x blue 10 footers on a non-locker
10 x green 20 footers on a non-locker
10 x black 30 footers on a non-locker
10 pair of system prussiks on a non-locker
1 set of etriers
1 x hard nylon edge protection plate
1 x soft Velcro edge protection pad
30 x steel locking carabiners
1 x round bottom kootenay carriage with pins
1 x steel edge roller
1 x CMC victim rescue harness
1 pair mechanical ascenders
2 x load releasing hitches with large steel D carabiners
Four hole rigging plate
2 x 33 foot cordelette runners
Load ring
Tri-link
25 foot 7/16 static rope
Steel rescue 8
Brake rack
Bolt kit with hammer and bit
4 x large steel D carabiners
4 x single PMPs
2 x double PMPs
2 x single pulleys
Wall-hauler
Double mini-PMP
Single mini-PMP
Spare litter pins

Litter Pack

Stainless steel 2 piece litter with mesh litter insert, safety belts and webbing back ups
Face shield
Freighter pack with Fastex straps
2 x large heavy duty trash bags
2 x disposable blankets
2 x full-length pieces of foam / ensolite padding
Vertical litter spider with big steel D carabiner and load ring
Steep / low angle litter bridle with big steel D carabiner
KED board

Patient package / C-spine kit

Adult Multi-fit C-collar
Head block
2 x orange 30 foot patient ties
V-vac suction device
Roll of duck tape (white)
Heavy-duty reflective space blanket
Patient helmet

***ALPINE**

6 Pr Skis & Poles
6 Pr Snow Shoes
5+ Ice Screws/Flukes/Pickets

E.M.S. FASTPACKS

Revised 1-30-96

Page 1/1

FASTPACKs are intended to be minimum weight, maximum use and maximum versatility. You may combine the Fastpack with your Personal First Aid Kit to reduce even more the items you must carry. By combining several team members' fastpacks, many supplies can be pooled in the field to treat a patient or patients.

GROUP FAST GEAR CRITICAL! (as needed):

EmsCom or Port. Phone	Blood Glucose Kit	Ensolite 1-2	Airway/BVM & O2
Suction Unit	KED or SKED/OSS	Litter System	Pt water & snacks
Helmet/Goggles/Cyalume	PASG	Traction Splint	Hypothermia Pack

FIRST RESPONDER FASTPACK (Some items may already be in your survival kit.)

CPR Mask	2-4 Garbage Bags	Amm. Inhalants	2+ pr Latex Gloves
Patient Hat/Gloves	10% Betadine Sol.	Pt Water/ERG/Snacks	NotePad/Pen/Pencil
EMS Forms	10 4x4s	Band-aids	1 8x7
1" Tape	4 Kling	Ace bandage	Trauma Scissors/Knife
Comb/Tweezers	3 Sam Splints	Lighter	2-3 Triangulars/Pins
Bite Extractor Kit	3+ Heat Packs	Antiseptic Ointment/Sting Ease	

B.L.S. FASTPACK ADD THESE ITEMS TO THE F.R. List:

B.G. Kit/Strips/Lancets/Preps	Glucose Paste/ Sugar	S-M-L OPAs	BP Cuff/Stethoscope
NPAs/Lube	Penlight	C-Collar	Adult BVM/Mask
Suction (Baster/60cc Toomey & NPA)	Reg/Hypothermia	Thermometer	Trauma Pad
Condom Catheter/Leg Bag	Lady Freshette		

A.L.S. FASTPACK ADD THESE ITEMS TO THE F.R. & B.L.S. Fastpack contents:

Intubation Handle/Batteries	Tourniquet/Alc. Preps	14L-14-16-18-22 IV Caths
1 & 4 Miller	1 LR 1000cc	
3 & 4 Mac	1 NS 1000cc	Scalpel / Hemostat
Adult Stylette	2 Blood Tubing	Cric. Kit
ETT 4-6-8/Syringe(s)	Pressure Infuser	Heat Packs

Primary DRUGS; Take from Base Camp, prn; or standardly pack;

Albuterol	ASA	Atropine	Benadryl (po/im/iv)	Diazepam
D50/ Glucose / Glucagon		Epi 1:1,000	Morphine	Narcan
Nifedipine	Ntg	Thiamine	Decadron 4mg IM	Motrin/Tylenol/Darvocet
Promethazine	1cc/5cc/10cc Syringes with Needles			

NOTE: Stage the rest of your ALS gear at Camp, ready to be sent to you.

Other A.L.S. considerations;

	Chest tube	Betadine
Flourescein Strips	Ophthalmic solution	Drain
Suture; Hemostats, needle Holder	2 x 3-0 Nylon	Iris Scissors
Scalpels 2x 10, 11, 15	2 x 4-0 Nylon	Prep Razor
Toothed Forceps, scissors	2 x 5-0 Nylon	4 x 2-0 Silk

E.M.S. STAND-BY KITS

5-6-02

Page 1 of 2

BLS STAND-BY KIT/PACK

Intended for Patrols, "StandBys" or staging at a Command Post. It is not meant to be packed into the backcountry. Supplied by the Team.

Clipboard/Forms/Pad/Bus.Cards/Pens	SAM Splints	10+ Pair Gloves
NS Irrigation	3+ Masks	KTD
Hand Cleaner/Gel	4+ Hot Packs	Towel/Paper Towels
4+ Cold Packs or Ice & Bags	Bite Stick	Trauma Pad
Scissors	2 8x7 Pads	Ring Cutter
20+ 4x4s	Penlight(s)	
BP Cuff	Stethoscope	
15+ Kling	Thermometer/Covers	4 Triangulars
2x1" Tape	10 Ace bandages	1/2" Tape
2 Burn Sheets	20 Alc. Preps	OB Kit
10 Amm. Inhalants	C-Collars	AntiBiotic Ointment
Trash Bags	Band-aids	Ziplocks/Vomit Bags
Charcoal (total 50 G SuperChar)	Bite Extractor Kit	
Comb/Tweezers/Magnifier	60cc/14g (Irrigation)	Benzoine w/ Steri Strips
Nasal Tampons?	Glucose Paste	Q-Tips
Tongue Depressors	2 " Tape	V-Vac & Catheters

Miscellaneous Standby or Staging Supplies SUPPLIED BY THE TEAM

Ensolites	KED/OSS/SKED	Tarp/Cot/Stools/Table	
Bags/Ice	PASG	BackBoards & Kits	Water Jug/ERG/Water
Blanket & Litter Kit			

AIRWAY BAG/O2 This will be the O2 Kit sent into the backcountry, prn. (Some items may be in Fastpack)

0-6 OPAs		O2/Reg (Full! Tank!)
NPAs & Lube		2+ Nasal Cannulas (1 for Fast)
Adult BVM/Masks		2+ Adult Masks (1 for Fast)
(Suction/Catheters/Cartridges)		Ped Mask
2+ SVN's		CPR Mask (Layperson assist)

Hypothermia Pack

This kit is meant to be used for known or profound hypothermia situations.

Pack	Large Cook Kit	(Hypo. Thermometer)	Sleeping Bag/Pad
2 Stoves/Fuel	2 Full Barrier Bags	(Matches/Lighter)	
(Condom Cath./Leg Bag)	Pile Jacket	2x 1 Liter Water Bottles	Female Freshette
Pile Pants	4 ERG/Gookinaid	Warm Gas Inhalator	(Pile Hat)
2 Kwik Lunches	(Mitts)/ Scarf	10+++ Heat Packs	Tent

ALS LARGE KIT/PACK ("Grey Box" or Stand By)

Intended for Patrols, Standbys or staging at command posts. Not meant to be packed into the backcountry. Supplied by the Team.

2+ NS and/or LR 1000cc

2+ Blood Tubing	Intubation Roll+:	1/2" Tape	Sharps shuttle
3+ IV Start Kits	(Laryng. Handle	1" Tape	Lg. Gloves
	(1-4 Mil/Macs	6-8 3" Kling	IDC Masks/Eyes
	(Bulbs	4x4s	Amm. Inhalants
	(2.5-8.5 ETTs	Trauma Pad(s)	Extra Batteries
6 14g IV Caths.	(Adult Stylette	Band-aids	Heat Packs
	(Ped Stylette	Pressure Infuser	
6 16g IV Caths.	(Endo-Lock	Red Bags	
6 18g IV Caths.	(SurgiLube	IDC Sleeves	
6 20g IV Caths.	(#11 Scalpel	Masks	
6 22g IV Caths.	(10cc Syringe		
2 12g Cntrl Lines	(2 Magill Forceps
